AMERICA — PATRIOTS

In rendering this service to America which We are so humbly endeavoring to do, let us be reminded that those blessed ones who established our Independence and Freedom here set forth a Mighty Law in Action, which is the Law of Life. Today a greater Power than ever has been experienced in the history of the Earth is being released to help those who, thus far, have gained the Understanding of the "Mighty I AM Presence" and the Power of Light to render this Service to hold one spot upon the Earth a place, a sanctuary, a refuge for mankind. Therefore in all that is before us, People of America, honor your Flag. Honor your America, and stand with every particle of your energy in your Call to the "Mighty I AM," the Presence of Life, for that Invincible Protection, that Mighty Power that alone can protect Her.

Mankind humanly has striven to solve problems of nations, but it has never succeeded. Therefore today the Great Ascended Masters, having brought forth this powerful Understanding of Life, Its clear, true Understanding and Application, then we are in a position today to wield a Power of Light assisted by the Great Cosmic Beings and the Great Cosmic Light and the Ascended Masters and the Legion of Light to do these things happily and harmoniously. And today when you think of the conditions that exist in the rest of the world, in Europe and the Orient, and how that vicious force—which is not just a human being, but is the accumulated destructive forces of mankind accumulated throughout the centuries—therefore, here, there, and at various points it seizes upon individuals who are weak enough or selfish enough to respond to it; and it makes them their claws of viciousness to try to destroy the rest of mankind. And to think that there is anyone having human intelligence that could be seized upon and made so vicious as to want to destroy millions of mankind for the adding of a few million dollars to their accumulation, that it seems incredible, unparalleled; and yet the truth stands before mankind.

Now then, so long as those conditions have existed throughout the centuries and so long as they stand before us today, there must be a Power greater than the human to be called into action to solve these conditions for America and the world; and that Power has been released. That Power has been brought to the attention and understanding of the mankind of America and the world for this exact purpose. And It cannot fail—the Power of Light! *(applause)* The Power of Light will take Its Dominion as enough of mankind call It forth into action, but that Power does not operate or intrude Itself without the Call of mankind. Therefore, our humble efforts of nearly four years have been to call the attention of mankind to this great Power of Light, to

the "Mighty I AM," that enough volume of mankind might be making these Calls to call forth this Limitless Power of Light, and let It do Its Work for America and the world. There is no number of mankind that want to destroy each other. It is not the people, never was; and today it is only that vicious vortex of seeming authority which has assumed authority but does not have it! And therefore *(applause)* when the great mass of mankind understands this, they will not bow if two or three or a half a dozen individuals send legions and legions of our blessed, finest young America before the cannon to be shot down like cattle. *(applause)* I tell you, Beloved Americans, this day shall this thing go into action, this Power to silence this thing forever for our beloved people of America and the world. *(applause)*

There is a Power of Light which is the "Mighty I AM Presence" that can be called into action to solve every problem that exists, individually, your cities, states, and your Nation or the Universe. And therefore, as mankind once again, in thousands and thousands and hundreds of thousands of years, for the first time is understanding this Great Power of Light that is coming to their rescue—I call to your attention that Mighty Vision given Washington by that One whom we have come to know now as the Mighty Goddess of Liberty that showed the three episodes for America. And the third one, the most tragic of all, stands in the balance today.

Therefore, Beloved Americans, arise in the Power of Light, in the Power and Dominion of your own "Mighty I AM Presence," and silence forever all destructive forces, all agitators, all Communists, all Nazis—all—everything of that kind that confronts mankind today in a pretense of blessing to mankind when underneath is the cunning claw of the sinister force that wishes to destroy mankind. *(applause)* Therefore we stand

today in the Victory for the Freedom which our forefathers established for us in this Beloved America; and by the Power of God Almighty, we shall sustain it! *(applause)* There is no power—thank you, Beloved Ones—there is no power anywhere that can stand before this Power of Light. There is no power of human creation no matter how destructive that can stand before this Power of Light. *(applause)* Therefore, Beloved Ones, let us stand as never before, for and with this Mighty Power of Light, the only Salvation of mankind or any condition whatsoever.

Therefore, this privilege is ours. The opportunity is before us; and in all the Glory that stands before us—and I refresh your memory on that which is recorded in those precious Books, and that which was thrown on the Cosmic Screen in the Royal Teton, the seventy years of the future of America. And at the end of that time such beauty and magnificence and Peace and Freedom reigned in America. That Cosmic Light never tells a falsehood. That Cosmic Light is the All-Knowing Power of God. And therefore I stand by that which I witnessed in the Royal Teton, and I declare before all the powers that exist on Earth, there is no power that can stand against this Light! *(applause)*

And I remind you, Beloved Students, Precious Ones—you, all of you, unless you have just recently contacted this Work, know absolutely that every destructive force that the human could concoct, mentally and through the feeling world, has been focused upon us to try to stop us or interfere with our Work. But you see that it has no power! *(applause)* Therefore, it is the Example to mankind of how all conditions can be remedied and solved by your Call to the Power of Light, which is your "Mighty I AM Presence." And think of it, Beloved Ones. Suppose it's just your individual conditions.

Suppose it's your city. Suppose it's the national problem of America today. When you call the Power of Light into action—which is that which everyone does in calling to the "Mighty I AM"—It is the Infinite Power of the Universe.

Do you realize, Dear Ones, you, the number who are in this audience today, above every one of you is that "Mighty I AM Presence!" Every one of you! That Presence of Life is the Governor of the Universe as well as your individuality if you give It a chance. Then, Dear Hearts, tell Me that there is any power of human creation that can stand against the "Mighty I AM" when mankind will call It into action to take Command of the conditions of mankind's wrongdoing and correct it? We ourselves are just beginning to realize that there is no power of human creation that stands against this, but We have had to come to this conviction by actual experience and by conditions that compelled us to apply the Law with such dynamic energy and power that it shows the manifestation that is Victory. But, Dear Ones, don't you see that the human of individuals will not make dynamic Application enough unless there is something staring them in the face that compels them to do it. The human always wants to lay down on the job and let George do it. And therefore, Dear Ones, in your Application, I plead with you, whether there's an appearance of need or not, make dynamic Application, if not for yourself, then some person, place, or condition that you know needs it. And you don't know how soon you may need it.

Dear Ones, there is not one person that is secure until this war entity is destroyed, until the war influence of the world is destroyed from the face of the Earth. I tell you, until that is done, mankind and those who have the Understanding of the "Mighty I AM Presence" should not rest—in their Mighty Decrees and calling forth this Mighty Power of Light to give this Assistance to each other and to America.

(to be continued next month)
